

Powerated®

Green textile wrapped V-belt

Powerated® V-belts is recommend for heavy duty drives and clutching applications.

The Powerated® V-belt meets the requirements of high power, clutching, heavy shock loaded and back idler driven lawn and garden equipment.

Identification:

Curable molded marking plus green cover designating Powerated® as a special capacity belt.

Construction:

- Aramid textile cords.
- Low cord positioning in thin profile gives extreme flexibility.
- Special heavy-duty cord reinforcement and low friction wrapping provide smooth clutching operation.
- Fabric reinforcement on the bottom ensures high crack resistance if back idler is used.

Advantages:

- Smooth clutching and disengaging.
- Length stability
- Special shock resistance
- Special bending and crack resistance.
